NOTICE: CenterPoint Energy to return to your neighborhood to upgrade natural gas Belt Line system Sept. – Oct. 2019

July 22, 2019

Dear Property Owner,

At CenterPoint Energy, we are committed to providing timely and relevant information to our customers and the general public to minimize inconvenience or disruption due to our construction activities.

Due to the crews' progress and agreements between CenterPoint Energy and the City of Golden Valley, CenterPoint Energy is delaying some of its construction for the Golden Valley 2019 Belt Line Project. When they resume construction, they will be installing the last of the project's natural gas main and restoring the areas affected by their construction. Any closures are necessary to keep both the public and construction personnel safe:

- For approximately four weeks beginning in mid- or late September or early October, CenterPoint Energy's authorized contractor, Minnesota Limited, will close the following areas: Ewald Terrace from Sumter Avenue S. to Winnetka Avenue S., and Winnetka Avenue S. between Ewald Terrace and Western Avenue. Detour signs will be on site. Residents will have access to and from their driveways.
- For approximately three weeks beginning in mid- or late September or early October, the crews will close the intersection of Texas Avenue S. and the south frontage road of Wayzata Boulevard. Detour signs will be on site.

More details will be posted on CenterPoint Energy's Construction Zone website closer to the project's timeline. We appreciate your patience as we continue the construction process.

To sign up for construction updates, please visit our website at CenterPointEnergy.com/Construction. CenterPoint Energy has provided safe, clean and efficient natural gas service to Minnesota communities for more than 145 years. We are proud of this record and strive to improve it by educating the public about the benefits of natural gas at CenterPointEnergy.com/BeSafe. In addition, you can contact one of the following CenterPoint Energy resources:

- Communications Specialist, Hannah Gullickson, at 612-321-5546
- Information Hotline at csv.constructionservices@centerpointenergy.com
- Restoration Questions at csv.restoration@centerpointenergy.com

Please reference the project name or number 80580763 when calling. We appreciate your business and look forward to continuing to serve you.
