NOTICE: CenterPoint Energy to upgrade natural gas pipelines in your neighborhood early October – late November 2019

September 20, 2019

Dear Property Owner,

At CenterPoint Energy, we are committed to providing timely and relevant information to our customers and the general public to minimize inconvenience or disruption due to our construction activities.

From early October to late November 2019, crews from CenterPoint Energy's authorized contractor, Michels Corporation, will be replacing natural gas mains along the following streets in Minneapolis:

- 17th Avenue S. north of Franklin Avenue E. and south of 22nd Street E.
- 16th Avenue S. between 18th and 22nd Streets E.
- Franklin Avenue E. between 15th Avenue S. and Hiawatha Avenue
- 22nd Street E. between 16th Avenue S. and Hiawatha

Residents and local businesses will have access to their properties. Construction will occur in segments along the construction route, rather than all at once. In some areas, full road closures are expected for a limited time. Parking and lane restrictions are required in areas where construction activity is occurring and is necessary to keep both the public and construction personnel safe. To learn more about this project or to sign up for construction updates, please visit our Construction Zone website at CenterPointEnergy.com/Construction.

Construction will happen in two phases: **Phase 1** consists of installing the natural gas distribution main. **Phase 2** is the restoration of disturbed areas affected by our work outside the city construction zone. This may consist of lawn restoration and sidewalk or street restoration as work dictates.

CenterPoint Energy has provided safe, clean and efficient natural gas service to Minnesota communities for more than 145 years. We are proud of this record and strive to improve it by educating the public about the benefits of natural gas at CenterPointEnergy.com/BeSafe. In addition, you can contact one of the following CenterPoint Energy resources:

- Communication Specialist, Hannah Gullickson, at 612-321-5546
- Information Hotline at csv.constructionservices@centerpointenergy.com
- Restoration Department at csv.restoration@centerpointenergy.com

Please reference the Minneapolis – Hiawatha Crossing project or number 87525753. We appreciate your business and look forward to continuing to serve you.
