NOTICE: CenterPoint Energy to upgrade natural gas pipelines in your neighborhood approx. Nov. 5 – mid-Dec. 2018

October 22, 2018

Dear Property Owner,

At CenterPoint Energy, we are committed to providing timely and relevant information to our customers and the general public to minimize inconvenience or disruption due to our construction activities.

Beginning in the week of November 5, 2018, and ending within mid-December 2018, CenterPoint Energy's authorized contractor, Michels Corporation, will be replacing the natural gas main in Brooklyn Center along Humboldt Avenue N. between 63rd Lane and 65th Avenue N. Parking and lane restrictions are required in areas where construction activity is occurring and is necessary to keep both the public and construction personnel safe. To learn more about this project or to sign up for weekly construction updates, please visit our Construction Zone website at CenterPointEnergy.com/Construction.

Construction will happen in two phases: **Phase 1** consists of installing the natural gas distribution main. **Phase 2** is the restoration of disturbed areas affected by our work outside the city construction zone. This may consist of lawn restoration and sidewalk or street restoration as work dictates. While Michels Corporation will finish the natural gas main installation in 2018, Q3 Contracting will work behind Michels Corporation, restoring the areas affected by Michels Corporation's construction. If restoration is not finished in 2018 because the weather is un conducive for permanent restoration, Q3 Contracting, CenterPoint Energy's authorized contractor, will temporarily restore the hard and soft surfaces affected by Michels Corporation's construction. Q3 Contracting will return in the spring and summer 2019 construction season to permanently restore these areas.

CenterPoint Energy has provided safe, clean and efficient natural gas service to Minnesota communities for more than 145 years. We are proud of this record and strive to improve it by educating the public about the benefits of natural gas at CenterPointEnergy.com/BeSafe.
