## NOTICE: CenterPoint Energy to upgrade natural gas pipelines in your neighborhood April 8 – mid-June 2019

*Text-to-subscribe for updates regarding this construction project by sending **CNP MCNAIR23GLEN** to **468311***

- CenterPoint Energy will be replacing an existing natural gas distribution main with modern materials in Minneapolis from the week of April 8 to the middle of June 2019.
- Project construction will occur along these streets in Minneapolis: McNair Ave. N. between Glenwood Pkwy and Russell Ave. N.; 23rd Ave. N. between McNair Ave. N. and the alley between Queen Ave. N. and Penn Ave. N.; Glenwood Pkwy between Golden Valley Road and McNair Ave. N. Work will occur in 2- to 3-block segments at a time.
- Lane restrictions and road closures are anticipated in areas where active construction is occurring and are necessary to keep both the public and construction personnel safe.
- If any closures are necessary, they will be minimized. Local access will be maintained.
- **For more information or to sign up for weekly updates, please visit CenterPoint Energy's Construction Zone website at [CenterPointEnergy.com/Construction](http://CenterPointEnergy.com/Construction).**

## **NOTICE: CenterPoint Energy to upgrade natural gas pipelines in your neighborhood April 8 – mid-June 2019**

April 12, 2019

Dear Property Owner,

At CenterPoint Energy, we are committed to providing timely and relevant information to our customers and the general public to minimize inconvenience or disruption due to our construction activities.

CenterPoint Energy will be replacing an existing natural gas distribution main with modern materials in Minneapolis from the week of April 8 to the middle of June 2019. Project construction will occur along these streets: McNair Ave. N. between Glenwood Pkwy and Russell Ave. N.; 23rd Ave. N. between McNair Ave. N. and the alley between Queen Ave. N. and Penn Ave. N.; Glenwood Pkwy between Golden Valley Road and McNair Ave. N. Work will occur in 2- to 3-block segments at a time.

Construction will happen in two phases: **Phase 1** consists of installing the natural gas distribution main. **Phase 2** is the restoration of disturbed areas affected by our work outside the city construction zone. This may consist of lawn restoration and sidewalk or street restoration as work dictates.

Lane restrictions will be anticipated in areas where active construction is occurring and are necessary to keep both the public and construction personnel safe. If any closures are necessary, they will be minimized. Local access will be maintained. To sign up for weekly construction updates, please visit our website at [CenterPointEnergy.com/Construction](http://CenterPointEnergy.com/Construction).

CenterPoint Energy has provided safe, clean and efficient natural gas service to Minnesota communities for more than 145 years. We are proud of this record and strive to improve it by educating the public about the benefits of natural gas at [CenterPointEnergy.com/BeSafe](http://CenterPointEnergy.com/BeSafe). We appreciate your business and look forward to continuing to serve you. In addition, you can contact one of the following CenterPoint Energy resources:
