December 11, 2015

Dear Property Owner,

At CenterPoint Energy, we are committed to providing timely and relevant information to our customers and the general public to minimize inconvenience or disruption due to our construction activities.

As a system upgrade project, Michels Corporation, an authorized CenterPoint Energy contractor, will be replacing approximately 120 feet of 4-inch steel pipe along with an above ground pressure reducing station (see map for detail). Construction is expected to begin Monday, December 14, 2015 and will require approximately one week to complete the work. We will restore the areas affected by our construction in compliance with all applicable federal, state and local regulations.

CenterPoint Energy has provided safe, clean and efficient natural gas service to Minnesota communities for more than 140 years. We are proud of this record and strive to improve it by educating the public about the benefits of natural gas and how to use it safely and efficiently. CenterPoint Energy provides information for you to learn how to be safe around natural gas pipelines at www.CenterPointEnergy.com/BeSafe.

To learn more about this project or to sign up for periodic construction updates, please visit our Construction Zone website at: www.CenterPointEnergy.com/Construction. In addition, you can contact us directly by calling CenterPoint Energy's Information Hotline: 612-321-5369 or our Communications Specialist, Ashley Oстераas: 612-321-5546. Please reference the Quinn Street and Coon Rapids Boulevard project or number 75427358.

We appreciate your business and look forward to continuing to serve you.
