NOTICE: CenterPoint Energy to upgrade natural gas pipelines in your neighborhood approx. Aug. 22 – Oct. 3, 2016

August 16, 2016

Dear Property Owner,

At CenterPoint Energy, we are committed to providing timely and relevant information to our customers and the general public to minimize inconvenience or disruption due to our construction activities.

For a system improvement job, crews from Michels Corporation, an authorized contractor for CenterPoint Energy, will be installing about 1,600 feet of 6-inch natural gas pipe and connecting about 25 gas services to the new main pipe in Minnetonka. The upgraded pipe will be installed along the northeastern side of Shady Oak Road (County Road 61) from Aspen Ridge Drive to Plymouth Road past Orchard Lane. (See map for detail.) Construction is expected to begin on Monday, August 22, 2016, and will last until approximately the week of October 3, 2016.

The areas disturbed by our construction activity will be restored in compliance with all federal, state and local regulations. Please visit our website for status updates to find out estimated dates of completion and the progress of each road.

CenterPoint Energy has provided safe, clean and efficient natural gas service to Minnesota communities for more than 140 years. We are proud of this record and strive to improve it by educating the public about the benefits of natural gas and how to use it safely and efficiently. CenterPoint Energy provides information for you at www.CenterPointEnergy.com/BeSafe.
