NOTICE: CenterPoint Energy to upgrade natural gas pipelines in your neighborhood approx. Sept. 12 – Oct. 14, 2016

*Text-to-subscribe for updates regarding this construction project by sending **CNP LOUISIANA AVES** to **468311**.*

- As a system upgrade project, Michels Corporation, a CenterPoint Energy authorized contractor, will be installing about 750 feet of natural gas distribution pipe in the St. Louis Park neighborhood along the northbound right lane of Louisiana Avenue S. from W. 23rd Street to W. 27th Street.
- CenterPoint Energy's construction is expected to begin about September 12 and will last until approximately October 14, 2016.
- Construction will take place in the areas highlighted below. The northbound lane and sidewalk will be closed, but two-way traffic will be maintained, as noted on our website.
- **For additional information, please visit our Construction Zone website at: CenterPointEnergy.com/Construction.**

NOTICE: CenterPoint Energy to upgrade natural gas pipelines in your neighborhood approx. Sept. 12 – Oct. 14, 2016

September 12, 2016

Dear Property Owner,

At CenterPoint Energy, we are committed to providing timely and relevant information to our customers and the general public to minimize inconvenience or disruption due to our construction activities.

Crews from Michels Corporation, an authorized contractor for CenterPoint Energy, will begin construction on the new natural gas pipe along Louisiana Avenue S. in St. Louis Park around September 19, 2016. The construction is expected to take approximately three to four weeks. The crews are installing about 750 feet of natural gas distribution main along the northbound right lane of Louisiana Avenue S. from W. 23rd Street to W. 27th Street in St. Louis Park.

The crews will be boring the pipe underneath the bridge crossing the railroad across Louisiana Avenue S. The northbound right lane and sidewalk on Louisiana Avenue S. will be closed during the project, but the crews will maintain two-way traffic on Louisiana Avenue S. (See map on the opposite page.)

CenterPoint Energy has provided safe, clean and efficient natural gas service to Minnesota communities for more than 145 years. We are proud of this record and strive to improve it by educating the public about the benefits of natural gas and how to use it safely and efficiently. CenterPoint Energy provides information for you at CenterPointEnergy.com/BeSafe.

To learn more about this project or to sign up for periodic construction updates, please visit our Construction Zone website at CenterPointEnergy.com/Construction. In addition, you can contact us directly by calling CenterPoint Energy's Information Hotline at 612-321-5369 or our Communications Specialist, Hannah Gullickson, at 612-321-5546. Please reference the Louisiana Avenue S. construction project or number 79230864 when calling the Information Hotline.

We appreciate your business and look forward to continuing to serve you.
