## **NOTICE: CenterPoint Energy to upgrade natural gas pipelines in your neighborhood approx. Aug. 15 – Sept. 23, 2016**

August 4, 2016

Dear Property Owner,

At CenterPoint Energy, we are committed to providing timely and relevant information to our customers and the general public to minimize inconvenience or disruption due to our construction activities.

Crews from MN Limited, an authorized contractor from CenterPoint Energy, will be upgrading 3,300 feet of 24-inch natural gas pipeline along the west side of Normandale Road between W. 66th Street and W. 70th Street, and also along W. 70th Street (see map for detail).

Construction is expected to begin approximately August 15, 2016, and will last until about September 23, 2016. During construction, the crews will be reducing traffic on Normandale Road to single lanes between W. 66th Street and W. 70th Street. No detour will be necessary, since there will be no total lane closures in this project. The areas disturbed by our construction activity will be restored in compliance with all federal, state and local regulations.

CenterPoint Energy has provided safe, clean and efficient natural gas service to Minnesota communities for more than 140 years. We are proud of this record and strive to improve it by educating the public about the benefits of natural gas and how to use it safely and efficiently.
