NOTICE: CenterPoint Energy to begin upgrading natural gas pipelines in your neighborhood in late July 2016

July 13, 2016

Dear Property Owner,

At CenterPoint Energy, we are committed to providing timely and relevant information to our customers and the general public to minimize inconvenience or disruption due to our construction activities.

Michels Corporation, an authorized CenterPoint Energy contractor, will be installing about 9,000' of 8" natural gas distribution main in the neighborhood west of W. 31st Street and east of Jorgen Avenue (County Road 47) in Hastings (see map for detail). Construction is expected to start in late July and will last approximately into the month of September 2016. The areas disturbed by our construction activity will be restored in compliance with all federal, state and local regulations.

The affected streets will include the following: W. 31st Street, Cannon Street, Lester Avenue, Leroy Avenue, Olson Drive, Highview Drive, Highview Knoll, Bohlken Drive, Riverwood Drive, Teal Way, Village Trail, Sherman Way, Union Court, and Jorgen Avenue (County Road 47). Some lanes and sidewalks will be alternately closed for limited times during construction before they're reopened. Please visit our website for status updates to find out estimated dates of completion and the progress of each road.

CenterPoint Energy has provided safe, clean and efficient natural gas service to Minnesota communities for more than 140 years. We are proud of this record and strive to improve it by educating the public about the benefits of natural gas and how to use it safely and efficiently. CenterPoint Energy provides information for you at www.CenterPointEnergy.com/BeSafe.
