## **NOTICE: CenterPoint Energy to Upgrade Natural Gas Pipelines in Your Neighborhood Late March 2015**

March 18<sup>th</sup>, 2015

Dear Property Owner,

At CenterPoint Energy, we are committed to providing timely and relevant information to our customers and the general public to minimize inconvenience or disruption due to our construction activities.

In preparation for the city of Burnville's 2015 mill and overlay project, Michels Corporation, an authorized CenterPoint Energy contractor, will install approximately 1.8 miles of natural gas distribution pipe along Nicollet Avenue (see map for detail). Construction is expected to begin in late March 2015 and will be completed by early June 2015. We will restore the areas affected by our construction in compliance with all applicable federal, state and local regulations.

The work will also include the replacement of approximately 17 natural gas service lines. Representatives from CenterPoint Energy will contact residents whose gas service may be affected to schedule the necessary construction work on their property. In addition, your gas meter will be evaluated and replaced if necessary. If the gas meter is located inside your home or building, we will move it to an outside location.

CenterPoint Energy has provided safe, clean and efficient natural gas service to Minnesota communities for more than 140 years. We are proud of this record and strive to improve it by educating the public about the benefits of natural gas and how to use it safely and efficiently. CenterPoint Energy provides information for you to learn how to be safe around natural gas pipelines at [www.centerpointenergy.com/besafe](http://www.centerpointenergy.com/besafe).

**To learn more about this project or to sign up for periodic construction updates, please visit our Construction Zone website at: [www.centerpointenergy.com/construction](http://www.centerpointenergy.com/construction). In addition, you can contact us directly by calling CenterPoint Energy's Information Hotline: 612-321-5329 or our Communications Specialist, Ashley Oстераas: 612-321-5546. Please reference the project Nicollet Avenue or number 71999377 when calling the Information Hotline.**

We appreciate your business and look forward to continuing to serve you.
