## **NOTICE: CenterPoint Energy to Upgrade Natural Gas Pipelines in Your Neighborhood Mid-June 2015**

June 9<sup>th</sup>, 2015

Dear Property Owner,

At CenterPoint Energy, we are committed to providing timely and relevant information to our customers and the general public to minimize inconvenience or disruption due to our construction activities.

In preparation for a new customer development project, Michels Corporation, an authorized CenterPoint Energy contractor, will be installing approximately 7.3 miles of plastic pipe along Highway 12, County Road 116 and County Road 92 (see map for detail). Construction is expected to begin in mid-June 2015 and will require approximately three months to complete the work. We will restore the areas affected by our construction in compliance with all applicable federal, state and local regulations.

The work will also include the installation of approximately 50 new natural gas service lines. Representatives from CenterPoint Energy will contact residents prior to the gas service installation on their property. If you have any questions about your natural gas service installation, please do not hesitate to call our Sales Consultant, Perry Schmidt, at 612-749-7642.

CenterPoint Energy has provided safe, clean and efficient natural gas service to Minnesota communities for more than 140 years. We are proud of this record and strive to improve it by educating the public about the benefits of natural gas and how to use it safely and efficiently. CenterPoint Energy provides information for you to learn how to be safe around natural gas pipelines at [www.CenterPointEnergy.com/BeSafe](http://www.CenterPointEnergy.com/BeSafe).
