NOTICE: CenterPoint Energy to begin upgrading natural gas pipelines in your neighborhood late September 2015

September 3, 2015

Dear Property Owner,

At CenterPoint Energy, we are committed to providing timely and relevant information to our customers and the general public to minimize inconvenience or disruption due to our construction activities.

As a system upgrade project, Michels Corporation, an authorized CenterPoint Energy contractor, will be replacing approximately 1,700 feet of 24-inch bare steel pipe with 1,700 feet of 24-inch steel pipe along 31st Street E., from 14th Avenue S. to Elliot Avenue S (see map for detail). **Please anticipate 31st Street E. to be closed in two block segments for pipe removal and installation.**

Construction is expected to begin the week of September 21, 2015 and will require one month to complete the work. We will restore the areas affected by our construction in compliance with all applicable federal, state and local regulations.

CenterPoint Energy has provided safe, clean and efficient natural gas service to Minnesota communities for more than 140 years. We are proud of this record and strive to improve it by educating the public about the benefits of natural gas and how to use it safely and efficiently. CenterPoint Energy provides information for you to learn how to be safe around natural gas pipelines at www.CenterPointEnergy.com/BeSafe.

To learn more about this project or to sign up for periodic construction updates, please visit our Construction Zone website at: www.CenterPointEnergy.com/Construction. In addition, you can contact us directly by calling CenterPoint Energy's Information Hotline: 612-321-5369 or our Communications Specialist, Ashley Osteraas: 612-321-5546. Please reference the 31st Street E. project or number 73024834.

We appreciate your business and look forward to continuing to serve you.

CenterPoint Energy
