NOTICE: CenterPoint Energy to upgrade natural gas pipelines along 4th Street S. in early September 2015

August 4, 2015

Dear Property Owner,

At CenterPoint Energy, we are committed to providing timely and relevant information to our customers and the general public to minimize inconvenience or disruption due to our construction activities.

As a system upgrade project, Michels Corporation, an authorized CenterPoint Energy contractor, will be replacing 1,600 feet of 16-inch steel pipe with 1,600 feet of 12-inch plastic along the south side of 4th Street, from Marquette Avenue S. to 2nd Avenue N (see map for detail). **Please anticipate lane closures and traffic delays in this area. CenterPoint Energy will be working with property owners to maintain access to parking ramps and businesses.**

Construction is expected to begin early September and will require approximately two and a half months to complete the work. We will restore the areas affected by our construction in compliance with all applicable federal, state and local regulations.

CenterPoint Energy has provided safe, clean and efficient natural gas service to Minnesota communities for more than 140 years. We are proud of this record and strive to improve it by educating the public about the benefits of natural gas and how to use it safely and efficiently. CenterPoint Energy provides information for you to learn how to be safe around natural gas pipelines at www.CenterPointEnergy.com/BeSafe.

To learn more about this project or to sign up for periodic construction updates, please visit our Construction Zone website at: www.CenterPointEnergy.com/Construction. In addition, you can contact us directly by calling CenterPoint Energy's Information Hotline: 612-321-5329 or our Communications Specialist, Ashley Oстераas: 612-321-5546. Please reference the 4th Street construction project or number 64588125 when calling the Information Hotline.

We appreciate your business and look forward to continuing to serve you.

CenterPoint Energy
