INTENDED AUDIENCE: Competitive Retailers

DAY AFFECTED: September 1, 2023

LONG DESCRIPTION: On April 5, 2023, CenterPoint Energy Houston Electric, LLC ("CenterPoint Houston") filed, Docket No. **54825**, with the Public Utility Commission of Texas ("Commission") an Application for Approval to Amend its Distribution Cost Recovery Factor ("DCRF") pursuant to 16 TEX. ADMIN. CODE ("TAC") §25.243. On July 11, 2023, the presiding officer in this proceeding issued SOAH Order No. 7 approving the implementation of interim rates, consistent with the rates shown below, effective for usage on and after September 1, 2023, pending final resolution of this case. The interim rates are subject to surcharge or refund as determined by the final order that will be issued by the Commission in Docket No. 54825.

The DCRF is an interim rate adjustment allowed by Texas statute that permits electric utilities to implement new rates to account for changes in distribution invested capital without filing a full rate case.

Pending the issuance of a final decision by the Commission in Docket No. 54825, the 2023 Rider DCRF interim rates will include the following charges on bills rendered to REPs:

Rate Class	DCRF Charge Effective: 9/1/2023	Billing Units
